

## **MemorySnap.com Announces A New Way to Display Your Digital Photos, With Poster Size Collage Prints**

*Use your favorite digital photos to create large poster size collage prints and single large prints in a variety of styles and sizes.*

Colorado Springs, CO (PRWEB) May 2, 2006 -- Now there is a new way to display your favorite [digital photos](#) with LifePrints, a [large poster](#) size collage print from MemorySnap.com. LifePrints are created using your [digital photos](#), uploaded via our easy to use site at MemorySnap.com, and printed and shipped within hours.

LifePrints can be created with among 5 and 30 of your favorite digital photos, displayed in several different styles and sizes.

Our prints are created using a luster matte photo paper that is of archival quality, using an eight ink, [fine art Giclee printing](#) process.

A print can be created in a 16" x 20", 20" x 24" or 24" x 36" size, and in a number of different styles including:

### Scatter:

The Scatter Style is a [print](#) with 30 photos that look like they are layered in a scattered fashion.

### Torn Edge:

The Torn Edge Style is the same layout as the Scatter Style, but with a torn canvas edge look.

### Black Border:

The Black Border style is a print with 20 photos in a grid like layout, with a black border surrounding each photo.

### Shadow Box:

The Shadow Box style simulates a box with 5 photos inset inside, with a white matte surrounding them.

“With the rapid expansion in the [digital camera](#) market, people have thousands of their digital photos just sitting on the computer without an easy way to enjoy them. At MemorySnap.com, we have provided a way to not only create beautiful [large format](#) prints, but also to display and enjoy a number of your favorite [memories](#), in a single print that makes any room unique and personal,” said Jonathan Nicholas, CEO of MemorySnap.com.

“We ordered a LifePrint from MemorySnap.com and were completely stunned by how beautiful it looked! It has become the centerpiece of our entire house, and it is wonderful to be able to see a [montage](#) of our life’s memories displayed on our wall,” Matt and Amber Tanner, Customers.

Located in Colorado Springs, CO MemorySnap.com was founded in March, 2005. Providing a simple way for consumers to create large [poster](#) size collages and large format prints for all of their favorite digital pictures.
